Mr. Bannerman via Mr. Wanfield

1. The attached package, our "Support Directorate Program for 1969 - 1973," is due in O/PPB on 15 March. You have indicated that you wanted to see it as soon as possible, and I am, therefore, forwarding it even though I know of a few changes which need to be made.

~~2. I know of only one substantive change which will add Commo equipment~~ 
Support Information Processing System, \$500,000.
The other changes are for typographical errors.
